

WASSERTEK HDPE FITTINGS

Wassertek
Pioneer in water technology
www.wassertek.ca

innovative canadian technology
a step a head...

WASSERTEK is a multinational group with the headquarters located in Canada and the corporate office located in United Kingdom and all over Northern America.

The WASSERTEK Research & Development Centre is in United States and have a wide network of distribution partners, own subsidiaries and service centers worldwide to cater the needs of our existing clientele in the fastest and most effective way.

Innovation, quality and service together make us WASSERTEK...

FITTINGS PRODUCT RANGE

WASSERTEK fittings are made of 100% PE100 virgin high quality material and presently we offers HDPE fittings up to 1600 MM.

All our fast moving fittings are injection moulded up to 800 MM and we also offers custom fabrication for special projects.

Our fittings product range includes but not limited to Electrofusion fittings, Butt Fusion fittings & Steel transitions & Flanges.

Besides the HDPE fittings, WASSERTEK also specialize in producing tools and machinery for installing the HDPE pipe and fittings which includes Butt Fusion, Electrofusion welding machines and accessories. The detailed information can be obtained from the website.
