

## **INDUSTRIAL DRAIN CLEANING MACHINE**

**DC600**

**DC600.CA**

### **Product Profile:**

- The complete machine consists of main machine, 8 MM rod type shafts (30 pcs.), 22 MM drill head (4 piece) packed in a cartoon box.
- Very heavy-duty industrial drain cleaning machine ideally used in airports, railways, municipalities and resorts for removal of blockage for pipes OD 200-600mm (8" to 24").
- The machine is equipped with flexible shafts which can be extended as per the desired length long enough to travel long distances from one manhole to another.
- Highly efficient due to the combination of high-speed rotating system and manual propelling or automatic feeding system which enables to drive the drill to remove various debris, greases, roots, wastes and chemical deposits etc.
- Using removal sectional flexible shafts of OD 8mm (5/16"), with large bending resistance, twisting resistance and ductility resistance.
- The machine is equipped with 4 transmission adjustable speed mode from 180rpm – 600rpm gives flexibility to the operator to control the spinning speed as desired.
- Easy to transport from one place to another with four sturdy wheels

### **Product Specifications**

<b>Model No.</b>	<b>DC600</b>	<b>DC600.CA</b>
Pipe Cleaning Range	200-600MM (8" – 24")	200-600MM (8" – 24")
Max. Working Length	45 Meters	45 Meters
Spirals (Rod Shaft) Size	OD 8 MM* 1.5 Meter	OD 8 MM* 1.5 Meter
Input Voltage Requirements	220 V, 50/60Hz, 1P	110 V, 50/60Hz, 1P
Power	2200 W	2200 W
Speed	600 RPM	600 RPM
Protection Class	IP44	IP44
Weight	140 KG	140 KG
Shipping Details	127*75*106 CM / 1 Case	127*75*106 CM / 1 Case

\*Make Sure to connect the equipment to the correct power supply (220V/ 110V) depending on the model No.'s
