

## **W** GEOMEMBRANE WEDGE WELDERS

WEDGE1-2.5

### Product Profile:

- High Welding Performance.
- Digital Display of temperature, speed & voltage.
- Extra Practical one handle operation.
- Controlled temperature & drive with steplessly adjustable welding pressure.

### Product Specifications

Model No.	WEDGE1-2.5
Welding Range	1-3mm
Temperature	20-450°C
Input Voltage Requirements	230V, 50/60Hz
Power	1800W
Welding Pressure	Max. 1500N
Shipping Details	15KG/ Aluminium box inside carton outside
